Please Notice!

Americans, the Union States, The United States of America Federation and the original American Confederation known as the States of America, all stand under The Unanimous Declaration of Independence.

Our Federal Subcontractors and Employees all stand under their respective Constitutions.

Federal Republic United States Citizens

Stand under The Constitution for the united States of America - 1787.

(This status is dormant, awaiting Reconstruction)

British Territorial U.S. Citizens

Stand under The Constitution of the United States of America - 1789

Municipal (Holy Roman Empire) citizens of the United States

Stand under The Constitution of the United States

Major Confusions to Be Aware of:

1) Early on the Union States did business as “the” United States and after 1790, the Municipal Government in receipt of The Constitution of the United States also did business as “the United States”. This caused **confusion**. (See Granna Bytes video explaining this). So in 1851, and according to English Grammar (English being our official language) the Union States began doing business as The United States. The Municipal Government continued as “the” United States. Still later they formed the US, Inc.

2) Confederate States are not States. They are “States of States” hired by the States to provide routine government services. But people got lazy with their language and started calling these organizations “States” for short, causing them to be **confused** with the actual States of the Union.

3) Our Unincorporated Federation of States doing business as The United States of America since 1776 is mirrored by the

British Territorial Government doing business as “the” United States of America” under The Constitution of the United States of America since 1789. This causes **confusion**, especially because the Brits later created two incorporated entities doing business as The United States of American, Inc. And the United States of American, Inc. This created mammoth **confusion** and fraud.

Getting Down to You and Who You Are.....

people/People	We inherited a Given Name, e.g. Anna Maria and a Family Name, e.g. Olson. This creates a “bicameral Name” that becomes our Proper Name or otherwise known as our Lawful Name, or Lawful person, which we use in Public.
Humans	Unfortunately - and this is where the confusion sets in, our Lawful Name standing for a living man or woman can also be used as a Legal Name when we go to sea or enter a titled office and become, for example, Lieutenant Anna Maria Olson, we’ve lost our status as a Lawful person and adopted the status of a Legal Person (Human) instead.
Things & Slaves	Beyond that, an incorporated Legal Fiction PERSON can also be named after you - e.g. ANNA MARIA OLSON, ANNA M OLSON, etc. This entity is

	a Municipal Corporation franchise or other franchise of an already existing parent corporation.
Sub-Subhuman Entities	There is some indication that the rats have been trying to create a new class of subhuman called a transhuman (GMO) and that these Legal Fiction Persons would take names like this: Anna Maria OLSON

[Article 2621](#) Lawful Person or Legal Person, Human or Man?

Three Levels of Pecking Order

There are three levels of pecking order in the world we live in:

1. Living people, who are unincorporated and sovereign beings.
(Men and women)
2. Legal and Lawful Persons, that are corporate, but not incorporated.
(Humans)
3. Legal Persons, that are incorporated entities.
(THINGS)

Did you notice?

Did you notice the different articles, “who” and “that” used in the Three Levels of Pecking order?

“Who” is always used to reference a living man or woman, as in “The man who knows he is sovereign.”

“That” is always used to reference things other than living men and women, as in “The corporation that stole your identity.”

A Person is not a Living Being!

A “person” is created every time we name someone or something, be it a baby or a business--- every time we create any form of office, job title, military rank, pen name, married name, performer's name or nick name, too.

Your name is not you. It is a “handle”, a “utility”, a means of identifying you among billions of other people. It is a “representation” or “image” or “persona” of yours that you are supposed to own and care for in the same way that you own a bicycle.

Persons fall into three basic categories:

1. people - men and women - **unincorporated**
2. Legal and Lawful Persons - Humans - **corporate**
3. Legal PERSONS - Corporations and Slaves - **incorporated**

**I'm an
unincorporated
living woman!
I am not a
corporation
and am not
representing a
corporation!**

The first two kinds of Persons---
unincorporated and **corporate** -- are
“Lawful Persons”. The distinction between
unincorporated and corporate is based on
degree of separation from physical
actuality.

Our Given Names are unincorporated
Lawful Persons and can be used as
Corporate Lawful Persons.
Unincorporated Proper Names are also
Lawful Persons.

Sovereignty is a result of free will and it is
only possessed by people; only
unincorporated entities are truly free.

So...Living People Create Lawful Persons...

Your living parents thought up a
name and gave it to you. First your
parents created you, and then, they
created your Lawful Person by
naming you. Your Proper Name, also
called your Good Name, your Trade
Name, or your Given Name (because
it is given to you---literally) is your
Lawful Person when you are standing
on the land and soil of your State. We
each have our own Proper Name,
which is a Lawful Person---
sometimes referred to as a “Natural
Person”.

**You mean I'm not a
Person?**

Your parents might also create a small unincorporated business and name it -- thereby creating another Lawful Person. (Yes! An unincorporated business is a Lawful Person!)

...and Lawful Persons create Legal Persons

Lawful Persons can be “converted” into Legal Persons by changing the jurisdiction in which these Persons are operating.

**And I am a
Business Person?**

More Good Stuff about Unincorporated Lawful Persons

From [Article 1592](#) For All the Jural Assemblies – 35 Lawful Persons, by Anna Von Reitz

Private unincorporated businesses are another class of Lawful Persons known as “Business Persons”. These also naturally occupy the land and soil jurisdiction of the American States.

A third kind of Lawful Person is called a Corporate Business Person -- not “incorporated” -- merely “corporate”.

A Lawful Corporate Business Person is typically formed by one or more unincorporated businesses. Unions, Leagues, Clubs, Holding Companies, Fellowships, Federations, and some forms of Trusts are Lawful Corporate Business Persons.

Our unincorporated state republics joined together to form the unincorporated union of states doing business as The United States is a lawful Corporate Business without being incorporated.

The United States is a “Lawful Corporate Business Person” called a “Union” doing business for other such businesses--- the member Counties.

The United States of America is also a “Lawful Corporate Business Person” called a “Holding Company” doing business for other businesses -- the member States.

All Lawful Persons are unincorporated entities. All Lawful Persons can freely conduct domestic trade and international trade on the land or sea, and can also conduct business I global commerce under the Law of the Land or Sea, that is commerce conducted on land vs. Maritime Commerce at sea.

Lawful Persons are of a different class and kind of Person than Legal Persons.

It's important to know that the entire actual American Government is unincorporated and populated by Lawful Persons.

When you return “home” to the land and soil of your State of the Union, you do so as a Lawful Person. When you act as a State Citizen and as a member of your State Jural Assembly, you do so as a Lawful Person.

It's equally important to know that the Federal Government --- all three branches of it: Federal, Territorial, and Municipal --- is incorporated and inhabited by Legal Persons, instead. All Federal Citizens whether defined by Article 1 Section 2, Clause 2 or Article 1, Section 3, Clause 3 or by the 14th Amendment

Lawful Persons vs. Legal Persons

Lawful Persons
(All Unincorporated)
Natural Person
Lawful Business person
Lawful Corporate Business Person

Legal Persons

Incorporated
Not Sovereign

are acting as incorporated franchises or agents or officers of corporations and are acting in a different capacity and a separate jurisdiction. We shall treat Legal Persons as a separate topic.

The American Government is composed of Lawful Persons and the Federal Government is composed of Legal Persons.

This is an important distinction and deserves your careful thought, notice, and consideration.

Some Not-So-Good Stuff about Incorporated, Legal Persons

Legal Persons are either indentured servants (peonage) or slaves by definition. They have no unalienable rights or guarantees. They are granted “Human Rights” or “Civil Rights,” which are privileges that can be taken away by their masters with the stroke of a pen or “Executive Order.” They are not protected by the Constitutions, but must uphold them.

Foreign Legal Persons cannot own land, but can only manage property for someone else as a slave or indentured servant.

While Lawful Persons “record” their property assets and interests and retain ownership of their assets, Legal Persons “register” their interests and give them to their Masters in Trust who then own and control the assets held in Trust. The Legal Person gets a Certificate as the Donor of the Assets (Birth Certificate) or a Registration Receipt (Motor Vehicle Registration). The Master of the Trust retains both the Equitable Title and the Legal Title and distributes the interest as the Master sees fit. The Legal Person/Donor stays on as an unpaid custodian of the property (your children, for example) and is accountable to the Master for their job performance (enter Child Protective Services or the Highway Patrol or, or, or...).

Basically, as a Lawful Person you are the Employer of all the Legal Persons. As a Legal Person you are an Employee (either a slave or indentured servant) of the Lawful Persons.

Which are you?

Lawful Persons can do everything that Legal Persons do and more.

Lawful Persons owe nothing to the Public - the Public owes Good Faith Service and Due Diligence to Lawful Persons.

Lawful Persons are self-governing and self-responsible; they accept liability for their actions; they are not covered by bankruptcy protections but may be indemnified or privately insured and may issue disclaimers.

Lawful Persons live under American Common Law (Land Law) and are not generally or naturally subject to statues, rules, regulations, ordinances, codes or mandates, etc.

Legal Persons are very regimented and controlled as either indentured servants (military on tour of duty, for example) or as slaves (federal civil service workers, for example).

Legal Persons owe the Public for their pay, pensions, and benefits even though they pay a significant percentage of this for themselves.

Legal Persons are additionally forced to pay taxes on their income as a “kickback tax” on the “privilege” of government employment.

- ✓ Legal Persons generally have bankruptcy protection, unless they act in Bad Faith.
- ✓ Legal Persons who work for the government service providers are traditionally bonded and may be licensed and insured to guarantee their adequate performance.

✓ Legal Persons are subject to rules, statutes, codes, regulations, mandates and ordinances.

Legal Persons employed by foreign Corporations are not able to claim or access any Constitutional Guarantees as long as they maintain “Federal Dual Citizenship” as both **British Territorial U.S. Citizens** and **Municipal citizens of the United States**.

If these Legal Persons now classed as Federal Dual Citizens by default choose to reclaim their birthright State National political status, they can drop the obligations of one of these foreign citizenships and regain the protections of the Constitutions — assuming that:

- 1) they were born in this country or;
- 2) one or both of their parents are Americans or;
- 3) they have been duly Naturalized and eligible to claim State Nationality.

Lawful vs. Legal

As a **Lawful Person** you are the employer of all the Legal Persons

As a **Legal Person** you are an Employee (or slave or indentured servant) of the Lawful Persons

Which are you?
