## Who We Are

### About Us

We are living, breathing Americans that have corrected and recorded our political status, returning to the Land and Soil. We are here helping others come home to the land and soil. Our Founding Fathers gave us the ultimate freedoms to live our lives in peace and harmony with others. That which has been given to us requires our involvement in self-governance. We must be involved in our rightful government in order to assure our rights and freedoms are protected.

Unbeknownst to us some of our Employees have been eroding, restructuring, and slowly chipping away at our rights for many years. Fortunately there are many Patriots that smelled a Rat and started doing research. This research allowed us to find out many truths. We are awake and reestablishing our rightful government, peacefully, lawfully, and with the Common Law owed to every American.

## Have you ever felt like something is wrong with America but just can't pinpoint what is?

### Discern for yourself

Live Free & Peaceful as a Living Man/Woman on the land and soil as the Creator intended  
You don't owe State or Federal Income Taxes unless you are employed by the Federal Government

Don't be divided as a Democrat, Republican, Libertarian, or US Citizen  
Correct your Political Status to an "American State National"

## Correct Your Status

Why should I correct my status?

You are owed a Constitutional Republic.

We must operate our government and keep it in check.

We must open and operate our Common Law Courts.

We the People must get involved to keep our Subcontractors in Check.

Our Federal Subcontractors forced their citizenship(s) on us as separate political statuses. They created false registrations for us as fictitious "persons" by fraudulently converting our birth certificates to Bonds (IOU's) when we were newborn babies. As a result, we were misrepresented as Territorial U.S. Citizens and as Municipal "citizens of the United States" (both are fictions) without our awareness or consent.

## Political Statuses

American National – is a Living Man or Woman with a declared status of living on the Soil, with national presence.

## Focus

Remember that life is precious  
Spend some time being Happy  
Make time for family and friends  
Go to your Happy Place once a day, close your eyes if you need to; think of a beach, a boat ride, a crawfish pond, a lake and a fishing pole, a green meadow, or what ever you enjoy!  
Love others and be patient with the awakening process.  
It takes time to unbind what has been bound.  
If we raise our vibrations to a more positive level we will be able to ascend above the negative evil rendering them helpless to continue enslaving mankind.
